Description of Proposed Development

Storage units (Use Class B8) (Full)

The Council in pursuance of its powers under the above mentioned Act and Order hereby **GRANTS PERMISSION** for the carrying out of the proposed development as described above and in accordance with the application and plans (if any) submitted with the application subject to compliance with the following conditions.

CONDITIONS

Please see attached.

Date: 1st April 2025

Signed:

(Director of Neighbourhood Services)

**IT IS IMPORTANT THAT YOU READ
THE NOTES ATTACHED TO THIS FORM**

CONDITIONS

- 1 The development shall begin not later than five years from the date of this decision.

Reason - To comply with Section 91 of the Town and Country Planning Act 1990.

- 2 The development shall be carried out in accordance with the following approved plans:

Drawing Number: 1073.02 (Plan), Received on 12 February 2025

Drawing Number: 1073.03 (Elevations), Received on 12 February 2025

Drawing Number: 1073.04 (Site Plan), Received on 12 February 2025

Reason -To ensure compliance with the approved plans and clearly define the scope of the permission.

- 3 Prior to the construction of the development hereby approved full details of the materials to be used in the construction of the external surfaces of the storage units shall be submitted to and approved in writing by the local planning authority. Development shall be carried out in accordance with the approved details.

Reason - To ensure that the external appearance of the proposed development will be in keeping with the character of the area and adjoining buildings in the interests of visual amenity and to accord with Policy SW11 of the Merthyr Tydfil County Borough Council Replacement Local Development Plan.

- 4 If during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until a remediation strategy detailing how this unsuspected contamination shall be dealt with has been submitted to and approved in writing by the Local Planning Authority. The remediation strategy shall be carried out as approved.

b Reason - To ensure the risks associated with previously unsuspected contamination at the site are dealt with through a remediation strategy, to minimise the risk to both future users of the land and neighbouring land, and to ensure that the development can be carried out safely without unacceptable risks. A site investigation may not uncover all instances of contamination and this condition ensures that contamination encountered during the development phase is dealt with appropriately.

- 5 **At no time shall the development hereby approved** be fitted with any doors or gates which open outwards.

Reason - To prevent obstruction to the highway, in the interests of highway safety to accord with Policy SW11 of the Merthyr Tydfil County Borough Council Replacement Local Development Plan.

INFORMATIVES

1. The application site lies entirely within Zone C2 as defined by the Development Advice Map (DAM) referred to in Technical Advice Note 15: Development and Flood Risk (TAN15) (July 2004). As such the developer is advised of the flood risk to the current/future occupiers of the property and is advised to consider incorporating flood resistance/resilience measures into the refurbishment works and making provisions for flood warning and emergency access/egress.

The developer may also wish to undertake a Flood Consequence Assessment (FCA) for their own benefit. The criteria for the FCA, which should normally be undertaken by a suitably qualified person carrying an appropriate professional indemnity, are given in Section 7 and Appendix 1 of TAN15. The FCA should be appropriate to the scale and nature of the development being proposed. If the building and/or access/egress routes are shown to flood during events up to and including a predicted 0.1% (plus an allowance for climate change) flood event, the FCA should propose suitable and appropriate mitigation measures to reduce the effects and consequences of flooding.

Flood resistance/resilience measures that could be incorporated into the development include flood barriers on ground floor doors, windows and access points, implementation of suitable flood proofing measures to the internal fabric of the ground floor and locating electrical sockets/components at a higher level above possible flood levels. Appropriate measures and advice is set out in the ODPM publication 'Preparing for Floods: Interim Guidance for Improving the Flood Resistance of Domestic and Small Business Properties', which is available at <https://www.gov.uk/government/publications/improving-the-flood-resistance-of-domestic-and-small-business-properties-interim-guidance> and information from CIRIA (www.ciria.org/flooding). Additional guidance can be found <https://www.gov.uk/prepare-for-flooding/future-flooding>. Further advice can be found on the Natural Resources Wales website.

NOTES

Your attention is drawn to the following:-

Appeals to the Planning & Environment Decisions Wales:

- If you are aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Planning & Environment Decisions Wales under Section 78 of the Town and Country Planning Act 1990 (as amended).
- If you want to appeal, then you must do so within **six months** of the date of this notice, using a form which you can get from Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ. Alternatively you can use Planning & Environment Decisions Wales website (www.gov.wales/planningappeal) to complete your appeal.
- The Planning & Environment Decisions Wales can allow a longer period of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Planning & Environment Decisions Wales need not consider an appeal if it seems that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any Development Order and to any directions given under a Development Order.
- In practice, the Planning & Environment Decisions Wales does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by them.

Purchase Notices:

- If either the Local Planning Authority or Planning & Environment Decisions Wales refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a Purchase Notice on the Council. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990 (as amended).

PLEASE NOTE: THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

BUILDING REGULATIONS
LISTED BUILDING LEGISLATION
HIGHWAY LEGISLATION

IF PLANNING PERMISSION HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT
