

Dŵr Cymru
Welsh Water

PLA0083370

LEGEND(Representative of most common features)

Waste network:	
●	Foul chamber
○	Surface water chamber
●○	Combined chamber
●○○	Combined sewer overflow
●○○○	Special purpose chamber
□	Treatment works
△	Pumping station
VC 225 mm.	VC 225 mm.
VC 150 mm.	VC 150 mm.
VC 6 mm.	VC 6 mm.
Outfall	
LH	Lamphole
→○	Storm Overflow
←○	Rising main
→○○	Gravity sewer
→○○○	Private sewer
—○—	Private sewer subject to Sect. 104 Compensation Agreement
—○—	Private Sewer Transfer
—○—	Lateral Drain
■	Inspection Chamber

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the strict understanding that it is based on the best information available and is warranty as to the actual position of the apparatus. The Company is not liable for any damage caused by the use of this information. The use of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 198 and 199 of the Water Industry Act 1991 and the Water Industry (Safety of Work) Regulations 2005. The Company is not liable for any damage caused by the use of this information. It should be noted that the records held by the Company may not reflect the existence of water main or sewer lines. It is the responsibility of the excavator to determine the exact position of any pipe or line. If they do, the particular line/field including their position underground may not be accurate. It must be understood that the information given is for guidance only and is not a substitute for the New Roads and Street Works Act 1991 and the Company's right to be compensated for any damage to its apparatus.

Service pipes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS
TO BE DETERMINED ON SITE.
