Dear Sir

**P/20/0308 | Removal of two trees (1 sycamore and 1 rowan) in front garden | The Mount Queens Road
Twynyrodyn Merthyr Tydfil CF47 0HE**

With reference to your recent application for works to the above, the trees you wish to fell are within the Thomastown Conservation Area.

In accordance with recommendations in the arboricultural evaluation it is recommended that the works are proceeded with and the trees may be felled.

We suggest that in order to retain the character of the Queens Road within the Thomastown Conservation Area, the two trees are replaced, within one year of their felling, with a single alternative species consisting of:

1No Carpinus betulus 'Fastigiata' located close to the original position of the removed trees.

If you wish to discuss this further, please contact the Tom Bramley on the email above.

Yours faithfully

MISS J JONES
