

PLA0087672

LEGEND(Representative of most common features)

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dair Cybera Cyllyngedd (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and the extent underpinning that it is based on the best information available and no warranty is made by the Company as to the accuracy of the information. The Company does not accept any liability for any loss or damage to its contractors (including any) in the event of an excavation or other works made in the vicinity of the company's apparatus. The usual of related apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company, is done so in accordance with statutory requirements of sections 194 and 195 of the Water Industry Act 1991. It should be noted that the use of this information for any purpose other than that intended for the prevention of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or disposal main and any associated apparatus before late 1 September 1991, or any other structures or apparatus which are not covered by the provisions of the Act. It would be suggested that the furnishing of this information is entirely without prejudice to the provision of the New Roads and Street Works Act 1991, or any other legislation which may be promulgated for any damage to its apparatus.
