Dear Gareth Davies,

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 17 February 2026.

We have no objection to the proposed development as submitted and provide the following advice.

Land Contamination and Controlled Waters

We refer the developer to the Environment Agency (2017) 'Approach to groundwater protection' position statements which have been adopted by Natural Resources Wales. In particular the developer should be aware of the advice under Position Statements G11 (Discharges from areas subject to contamination) and G13 (sustainable drainage systems) applies to this development.

Other Matters

This advice relates to matters which are included on our [consultation topics list](#). We do not rule out the potential for the proposed development to affect other environmental interests that are not included on this list.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries about the above, please do not hesitate to contact us.

Yours faithfully,
Sarah
