Hi Kate,

In regards to the application **24/0214**, as the applicant has now submitted further information that is set out in the **Pre-application report** in relation to the illumination of the advertising board and there has also been a **road safety audit** carried out which has raised no concerns, the highway authority do not raise any objection to the application. However if you could include the relevant conditions that we spoke about in our call that would be suffice. Also if we can get that reminder set up for 5 years so that we can inform the applicant that they need to reapply that would be great.

Kind regards

Liam
