

INTERNAL MEMORANDUM

To: David Cross
From: Matt Davies (Ecologist)
Ext: 5278
Memo number: 2
Date of Memo #1: 29/04/2021
Date: 12/05/2021

SUBJECT: P/21/0142 | CONSTRUCTION OF A TEMPORARY HAUL ROAD TO FACILITATE CONSTRUCTION OF A NEW SERVICE RESERVOIR | PENGARNDDU SERVICE RESERVOIR PENGARNDDU DOWLAIS MERTHYR TYDFIL

Related application numbers: PA/20/0007 and P/20/0228.

The following document was submitted in support of P/21/0142:

Ecology Technical Note. Document reference B10237-123532-XX-XX-ME-NB-PN0210). Dated 15/04/2021.

Comments:

- The proposed approach for an attempt to preserve high value waxcap habitat needs some direct comment from the ecologist who carried out the waxcap survey (Peter Sturgess – Proposed works at Pengarnddu service reservoir, Dowlais Top, Merthyr Tydfil. Notes following check for fungi, 29 October 2020).
- The area proposed for storage of turves is marked up as 'not searched' in terms of waxcaps the above referenced fungi check notes. There is therefore a small question mark over the suitability of this area for this purpose. Again, a comment from Peter Sturgess may be of use here.
- The CMP would benefit from a plan demonstrating the proposed positioning of silt fencing (including that associated with the temporary haul road).
- Should the CMP now be Revision E?
