Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cylinddydd (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and is not warranted as to its correctness in the event of excavations or other works made in the vicinity of the Company's apparatus. The error of location of apparatus is not warranted and any excavations made without the approval of the Company, as shown on the map, are made in accordance with the requirements of sections 104 and 105 of the Water Industry Act 1991 which is based upon the best information available and, in particular, without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not indicate the whereabouts of water mains, service pipes, drains, lateral drains or other apparatus and any excavations made without the approval of the Company, as shown on the map, are made in accordance with the requirements of sections 104 and 105 of the Water Industry Act 1991 and the Company's liability is limited to the best of its knowledge.
