

INTERNAL MEMORANDUM

To: David Cross - Development Control Case Officer

Reference: P/21/0366

From: Planning Policy and Implementation Section

Ask for: David James

Extension: 7053

Date: 9th November 2021

Summary

No objection raised. The development meets the relevant Replacement LDP policies (SW1, SW3, & SW4).

If minded to approve in principle, particular consideration should be given to the impact of the development on the character of the area, the impact biodiversity and on the adjacent open countryside, the impact on surrounding area and occupiers in terms of noise and disturbance, traffic generation and parking provision (Policies SW11, SW12, EnW1 & EnW4).

Observations in respect of the above proposal

1. Proposed Development

The proposed erection of 4 detached dwellings, with associated parking, at land between 26 Gelligaer Road and The Farm Shop, Gelligaer Road, Trelewis.

2. Development Plan Framework

The existing development plan framework in Merthyr Tydfil is provided by:-

The Merthyr Tydfil County Borough Council Replacement Local Development Plan (2016 - 2031)

The relevant LDP Objectives are:-

- *LDP Objective 1 Sustainable Population Growth: To encourage a sustainable level and distribution of population growth.*
- *LDP Objective 2 Welsh Language and Culture: To protect and enhance Welsh language and culture.*
- *LDP Objective 3 Housing Provision: To ensure the sufficient provision of land for the delivery of a range and choice of housing and affordable housing to address local housing needs.*
- *LDP Objective 4 Regeneration: To promote the suitable reuse of previously developed land and the continued regeneration of local communities.*
- *LDP Objective 6 Sustainable Design: To promote high quality, sustainable and inclusive design and support measures which mitigate the predicted effects of climate change.*

- *LDP Objective 7 Transport: To support an integrated transport system, promote active travel and ensure new developments are accessible by walking, cycling and public transport links.*
- *LDP Objective 9 Heritage and Cultural Assets: To protect, enhance and promote all heritage, historic and cultural assets.*
- *LDP Objective 10 Biodiversity: To improve ecosystem resilience and connectivity which support habitats and species of principle importance.*
- *LDP Objective 11 Countryside and Landscape: To protect and enhance the character and appearance of the landscape and the countryside.*

The following development plan policies would apply:-

- *Policy SW1: Provision of New Homes*
- *Policy SW2: Provision of Affordable Housing*
- *Policy SW3: Sustainably Distributing New Homes*
- *Policy SW4: Settlement Boundaries*
- *Policy SW9: Planning Obligations*
- *Policy SW11: Sustainable Design and Placemaking*
- *Policy SW12: Improving the Transport Network*
- *Policy CW1: Historic Environment*
- *Policy EnW1: Nature Conservation & Ecosystem Resilience*
- *Policy EnW4: Environmental Protection*

The following supplementary planning guidance is applicable:-

- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 1: Affordable Housing (March 2012)*
- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 2: Planning Obligations (March 2012)*
- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 4: Sustainable Design (July 2013)*
- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 5: Nature and Development (May 2015)*

National Planning Policy

Planning Policy Wales (Edition 11, February 2021)

Planning Policy Wales provide guidance on matters relevant to this application, namely:

- Placemaking in Action: Good Design Making Better Places
- Strategic Placemaking: Previously Developed Land
- Activities in Places: Living in a Place
- Distinctive and Natural Places: Recognising the Special Characteristics of Places

Future Wales: The National Plan 2040 (February 2021)

Future Wales provides guidance on matters relevant to this application, including, but not limited to:

- Policy 1: Where Wales will grow

- Policy 2: Shaping Urban Growth and Regeneration – Strategic Placemaking
- Policy 7: Delivering Affordable Homes
- Policy 33 – National Growth Area – Cardiff, Newport and the Valleys

3. Policy Considerations

The site of the proposal is located within an ‘Other Growth Area’ (Policies SW1 and SW3), as defined by the LDP, and within the settlement boundary where development will be allowed subject to the proposals compatibility with other plan policies and material considerations (Policy SW4). The proposal – the erection of 4 detached dwellings - would be supported in principal as an acceptable use in this location.

Policy SW1 states that 2250 additional homes are required to sustainably grow our population. The proposal comprises 4 new detached dwellings, which would represent a contribution to the 2250 units that are required during the plan period. As such, the proposal complies with policies SW1 and SW3.

Policy SW9 relates to planning obligations. Given that the proposal is for 4 dwellings, on-site provision of affordable housing or open space, or a financial contribution towards affordable housing, would not be sought. Additionally, Community Infrastructure Levy (CIL) is not chargeable on residential development in this part of the County Borough.

Policy SW11 requires new development to, among other things:

1. be appropriate to its local context in terms of scale, height, massing, elevational treatment, materials and detailing, layout, form, mix and density;
2. integrate effectively with adjacent spaces, the public realm and historic environment to enhance the general street scene and create good quality townscape;
3. not result in an unacceptable impact on local amenity, loss of light or privacy, or visual impact, and incorporate a good standard of landscape design;
4. contribute to the provision of green infrastructure, including open space in accordance with the Council’s standards, sustainable drainage systems where appropriate, and ensure that the County Borough’s network of green infrastructure is accessible and connected;
5. allow access for the widest range of people possible, and demonstrate that any traffic movements will not have an unacceptable impact on local amenity or highway safety and satisfy the Council’s parking standards.

Considering the location of the application site, in close proximity to existing dwellings, and adjoining the open countryside, careful consideration should be given to these issues. The submitted plans indicate that the dwellings would have off-street parking provision. As such, the proposed parking provision should be checked against the Council’s current parking standards, and the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy SW12 supports development that encourages a modal shift towards sustainable transport, including the enhancement of pedestrian, cycle, rail and bus facilities, in addition to any necessary road improvements. Development proposals will be expected to

demonstrate how they reduce the need to travel and encourage the use of sustainable transport. As such, the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy EnW1 advises that development proposals will be required to promote the resilience of ecosystems. In particular, proposals will be required to maintain and enhance biodiversity interests unless it can be demonstrated that:

1. The need for the development clearly outweighs the biodiversity value of the site; and
2. The impacts of the development can be satisfactorily mitigated and acceptably managed through future management regimes.

The application site is a greenfield site and contains trees and vegetation. It also adjoins the open countryside. As such, the views of the Council's Ecologist and Landscape Architect should be sought as appropriate.

Policy CW1 advises that the integrity of our historic environment assets will be conserved and enhanced. Development proposals will only be permitted where it can be demonstrated they would preserve or enhance the architectural quality, character or the historic or cultural importance of our designated historic environment assets. And that, development affecting undesignated historic environment assets including, Locally Listed Buildings or structures, Landscapes of Outstanding Historic Interest in Wales, Urban Character Areas (UCA) and Archaeologically Sensitive Areas should have regard to their special character and archaeological importance. As such, the views of the relevant Officer should be sought in this regard.

Policy EnW4 advises that development proposals will be required to demonstrate they will not result in an unacceptable impact on people, residential amenity, property and / or the natural environment from either:

- Pollution of land, surface water, ground water and the air;
- Land contamination;
- Hazardous substances;
- Land stability;
- Noise, vibration, dust, odour nuisance and light pollution; or
- Any other identified risk to public health and safety.

Where impacts are identified the Council will require applicants to demonstrate that appropriate measures have been incorporated to reduce, or minimise the impact identified to the lowest possible acceptable level. Planning conditions may be imposed or legal obligation entered into, to secure any necessary mitigation and monitoring processes. With regard to flood risk, new developments will be expected to avoid unnecessary flood risk and meet the requirements of TAN 15. As such, the views of the Engineering and Traffic Group Leader should be sought in this respect.
