Hi Kate,

Please see below a copy of an email from the manufacturers of the external lighting equipment to our installer, confirming that the sensors will be factory adjusted during manufacturing, not to trigger above the horizontal plane. I trust this is sufficient for your file. I note from below that you were seeking confirmation from your ecologist that this arrangement is satisfactory. Are you now in a position to approve our submission and discharge the condition?

Kris Jones <KrisJones@tamlite.co.uk>

To: ☒ craig

Hi Craig,

I can confirm we will adjust the sensor to avoid any triggering past the Horizontal.

We will make these changes when the fitting is run through production in the fact

Regards,

Kris Jones

Senior Specification & Project Engineer

Many thanks and kind regards,

Mark Giles BSc (Hons) B.Arch ARB
