Dear Sir

Re: Replace composite slate roof tiles and rainwater goods with like for like
6 Nightingale Street Abercanaid Merthyr Tydfil CF48 1DX
Pl.App.No.: P/25/0218

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that 6 Nightingale Street is a Grade II Listed Building (Cadw ref. 81733) and part of the important early group of industrial housing at Abercanaid. The structures were built between 1852 and 1861, possibly by the Plymouth Iron Company to house workers employed at the Abercanaid Pit and Pentrebach Forge.

However, the current proposal is for the replacement of roof tiles and rainwater goods. Overall it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
