Details of the pre-application advice received

In the first instance there are serious concerns regarding the impact of the pre-application proposal on the requirements of the planning permissions listed above.

In terms of the pre-application enquiry, there are significant concerns regarding the impact on the character and appearance of the street scene, residential amenities and ecology. Further information as identified above would also be required to demonstrate an acceptable form of development can be achieved within the site.

I trust the above information is of assistance. However, I must note the advice given in this response represents an informal opinion, provided in accordance with the Council's Planning Pre-Application Service. In particular, it is emphasised that while this pre-application advice will be carefully considered in reaching a decision or recommendation on an application, the final decision on any application submitted can only be taken after we have consulted local people, statutory consultees and any other interested party. It does not therefore prejudice any decision which the Local Planning Authority may make should an application be submitted.
