PLANNING HISTORY

None indicated.

HIGHWAY ASSESSMENT

The proposal related to provision of a replacement feeder pipe bridge over the River Taff to the south of fiddler's elbow viaduct. The submitted information indicates that access for construction traffic, as well as the site compound, will be located on the western side of the river, i.e. from within the county borough of Rhondda Cynon Taf. As such, the proposed development will have no undue adverse impact on highway maintainable at public expense within MTCBC.

RECOMMENDATION

No highway objection is raised nor condition(s) suggested.

NOTES

None.
