This application relates to a proposal for the provision of a dwelling on part of an open yard area which forms part of the EFI Industrial Estate, Brecon Road, Merthyr Tydfil. The applicant owns the land together with three industrial units on the estate. The applicant also occupies a mobile home which is sited on land

6. Existing Use

located towards the northern edge of the estate. The mobile home was allowed on appeal in November 2016. There is also a small workshop building (3rd unit) from where the applicant operates a vehicle recovery business and a stable building.

The applicant wishes to make use of part of an area of vacant land situated towards the far south-eastern part of the industrial estate. The application involves the erection of a two-storey dwelling on the site which would be occupied as a live/work unit. Vehicular access would be taken through the existing industrial estate road.

The site, which forms part of the wider EFI Industrial Estate is shown in the adopted Local Plan for the area as a business use allocation. The site also forms part of a Conservation Area and there are other heritage assets in the vicinity, including the nearby Pont y Cafnau Bridge which is a Grade II* Listed Building and Scheduled Ancient Monument (SAM). The site is also bordered by a 'Site of Importance to Nature Conservation' (SINC).

A previous development proposal for the erection of several industrial units on the land was dismissed at appeal in September 2019. This was submitted by a different applicant. This involved a much larger scale of development across the entire site and where the Inspector expressed serious concerns over the extensive visual impact of such a development, including impacts upon heritage assets, biodiversity and highway safety. The current application is materially different and is submitted by a different applicant who owns the site and several other parts of the industrial estate.
