Dear Sir

**Re: Replacement of Internal Lighting to New LED Energy Efficient Lighting:
69 High Street, Merthyr Tydfil.
Pl.App.No.: P/23/0185.**

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

The information in the Historic Environment Record curated by this Trust shows the property to be a Grade II Listed Building (Cadw reference 11438). The listing description notes it as a *Finely detailed Inter-War classical bank front with two elevations*. It is within the Merthyr Tydfil Registered Historic Landscape of Outstanding Historic Interest, in HLCA 001 Merthyr Tydfil: Historic and Commercial Core, summarised as: *early industrial settlement core with later expanded industrial settlement: pre-industrial religious, commercial and administrative centre developed during the post-medieval and industrial period; post-medieval, 19th and 20th century religious, commercial, administrative and other buildings; historic events and associations; industrial transport corridor*.

We note from the supporting documentation that the proposed changes are minor in nature and will not adversely impact the building.

As the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

Judith Doyle
