

Construction (Design and Management) Regulations  
Design risk assessments are carried out throughout the design stage of this project in accordance with company procedures and manuals. Where reasonably possible all areas of risk applicable to design and end use of the construction have been identified and then eliminated, mitigated or recorded as a residual risk. Note that general risks of which a competent designer or contractor should be aware are not included. This drawing is to be read in conjunction with the Pre-construction Information and all related documents prepared in accordance with the current Construction (Design and Management) Regulations 2015 and all applicable Health and Safety legislation as currently amended.

LEGEND:

- Site boundary
- MUGA Pitch perimeter fencing
- Perimeter fencing with security gate
- Line marking
- Existing buildings
- Existing Planting
- Proposed handstanding and paths
- Proposed sustainable drainage feature
- Proposed masonry retaining wall
