PLANNING NEED TO KNOW

Proposal as above is to accommodate existing staff whilst works are underway at their current location within Prince Charles Hospital (**PCH**), possibly for seven years and then to be returned to original usage. Parking provision for one ambulance is lost, information states it has been replaced but not indicated where. Traffic Management during the construction period needs to permit the normal day to day running of **PCH**, staff and the public .

OBSERVATIONS

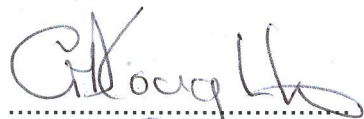

I have no objection to the submitted proposals.
