	Combined sewer overflow		Rising main
	Special purpose chamber		Gravity sewer
	Private sewer		Private sewer
	Private sewer subject to Sect. 104 adoption agreement		Private sewer Transfer
	Lateral Drain		Inspection Chamber
			

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cynhyrchu (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and is not warranted as to its correctness in the event of excavations or other works made in the vicinity of the Company's apparatus. The error of locating apparatus liable for carrying out any excavations will be entirely on you. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 103 and 109 of the Water Industry Act 1991 which is based upon the best information available and, in particular, but without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not include the existence of water mains, service pipes, drains, water drains or other pipes and any excavation should be made with care. If, in the event of any excavation, the position of any apparatus is not as shown, it must be understood that the Company's liability is limited to the provision of the New Roads and Street Works Act 1991 and the Company's liability is limited to the provision of the New Roads and Street Works Act 1991 and the Company's liability is limited to the provision of the New Roads and Street Works Act 1991.

Service pipes are not generally shown but their presence should be anticipated.

**EXACT LOCATIONS OF ALL APPARATUS
TO BE DETERMINED ON SITE.**
