☐ Yes

☒ No

Description of the Proposal

Description

Please describe the proposed development including any change of use

Reinstatement of boundary wall towards B2454 as a random rubble stone work wall, in keeping with the neighbouring and local aesthetic. The stone work wall will be constructed as a low level stonework wall with stonework pillars and metal railing infill between pillars. Alongside the erection of the boundary wall, an existing close boarded fence is to be reinstated to the boundary of the neighbouring property of 5 Menlo Park.

Has the work or change of use already started?

☐ Yes

☒ No

Existing Use

Please describe the current use of the site

The site is currently used as an extra care facility.

Is the site currently vacant?

Details of the pre-application advice received

The use of stone cladding, coping stones and metal railings are considered acceptable, although there are some reservations regarding the number of pillars. It is recommended that either the number of pillars are reduced by removing every other pillar or reduce the number and redistribute the pillars at regular intervals along the wall. However, if the proposed number of pillars is a requirement of the structural integrity of the wall, the application should be supported with details setting out the minimum distance required between the pillars.
