Dear Marlene Ferreira,

Re: [Planning Reference P/23/0235: St Illtyd's Roman Catholic Church, Dowlais](#)

I am writing in connection with the planning approval for the above building, with reference in the request to provide additional information of the proposed materials for the roofing works as outlined in the pre-commencement of development condition No. 3.

The details attached are as follows:

1. Image of the GB Sol, PV Solar slate roof tile
2. Image of the Glendyne Canadian natural slate roof tile
3. Brochure of the aluminium rainwater goods

Material samples of the roofing slate and the solar tile will follow the submission of this application, with the materials being posted to the above address as the Civic Centre marked for your attention.

I trust this provides you the information as requested. However, should you require any further information, please don't hesitate to contact me.

Yours sincerely,

Amanda Needham RIBA MSc Cons AABC EASA
