Merthyr

Façade Finishes

P003-HLM-V13-00-RP-A-0615

Rev P01

Rev	Comment	Date	Initial
P01	Issued to planning authority for condition 3 approval	24/05/2023	ML

Introduction:

This document has been created to describe the proposed façade finishes to the front elevation at Prince Charles Hospital, Merthyr and support condition 3

Our aim is to create unity across the main front elevation by using materials which have already been utilized when the ECC building was built.

CONTENTS	
•	Outpatients Extension
•	Endoscopy And Outpatients Infill
•	Hydrotherapy Extension
