- Note: This product is handcrafted with meticulous care. Given its hand-finished nature, variations in the wood or metal work (where applicable) are to be expected and celebrated. Each item is unique and no two are exactly alike.
- Installation: Ready to be installed, installation needed, ceiling/wall mount screws not included
- Please ensure the IP65 light will be attached to a flat or smooth outside surface. When fixing the light to your wall we advise sealing it off with a bead of silicon to secure any moisture from entering.
- Bespoke service available: Flex length, bespoke shape, bespoke finish, new product, UL wiring. Please email sales@industville.co.uk for details
- All our products are individually hand finished. As a result, products might have subtle variations from one piece to the next. The natural blemishes/variations are inherent in the manufacturing of handmade products and are not product flaws
- Our lights are class I, so not double insulated as they have an earth wire and require an earth wire for fitting. The double-insulated fixture can be made to order. Please contact sales@industville.co.uk for details

The product images on the website may differ from the products you receive due to variations in electronic screens settings.

- Bulb sold separately. Bulb required: standard screw E27 max 40W - not included. All our suggested LED bulbs are compatible with the fittings - please see the suitable range of Edison vintage bulbs
- Can be easily attached to a wide variety of INDUSTVILLE light shades
- All Industville Products are branded with nonremovable Industville label

Visit our FAQ page to find answers to the questions we get asked the most. If you have a question that you can't find here please feel free to contact support@industville.co.uk
