

INTERNAL MEMORANDUM

To: Rebecca Owens - Development Control Case Officer

Reference: P/23/0221

From: Planning Policy and Implementation Section

Ask for: David James

Extension: 7053

Date: 10th October 2023

Summary

No objection raised. The development meets the relevant Replacement LDP policies (SW4 & SW13).

If minded to approve in principle, particular consideration should be given to the impact of the development on the character of the area, the impact on surrounding area and occupiers, traffic generation and parking provision, and any other relevant risks to public health and safety (Policies SW11, SW12, CW1 & EnW4).

The requirements of Policy SW9 should also be noted.

Observations in respect of the above development

1. Proposed Development

Application for the change of use to a dwelling, at 19 Francis Terrace, Pant Road, Pant.

2. Development Plan Framework

The existing development plan framework in Merthyr Tydfil is provided by:-

The Merthyr Tydfil County Borough Council Replacement Local Development Plan (2016 - 2031)

The relevant LDP Objectives are:-

- *LDP Objective 1 Sustainable Population Growth: To encourage a sustainable level and distribution of population growth.*
- *LDP Objective 2 Welsh Language and Culture: To protect and enhance Welsh language and culture.*
- *LDP Objective 4 Regeneration: To promote the suitable reuse of previously developed land and the continued regeneration of local communities.*
- *LDP Objective 6 Sustainable Design: To promote high quality, sustainable and inclusive design and support measures which mitigate the predicted effects of climate change.*
- *LDP Objective 7 Transport: To support an integrated transport system, promote active travel and ensure new developments are accessible by walking, cycling and public transport links.*

- *LDP Objective 8 Community Facilities: To support existing community facilities and suitable community led development.*
- *LDP Objective 9 Heritage and Cultural Assets: To protect, enhance and promote all heritage, historic and cultural assets.*
- *LDP Objective 14 Town and Local Centres: To develop the town and local centres as accessible, attractive, viable and vibrant places.*

The following development plan policies would apply:-

- *Policy SW4: Settlement Boundaries*
- *Policy SW9: Planning Obligations*
- *Policy SW11: Sustainable Design and Placemaking*
- *Policy SW12: Improving the Transport Network*
- *Policy SW13: Protecting Community Facilities*
- *Policy CW1: Historic Environment*
- *Policy EnW4: Environmental Protection*
- *Policy EcW5: Town and Local Centre Development*
- *Policy EcW9: District Heating*

The following supplementary planning guidance is applicable:-

- *SPG 2: Planning Obligations*
- *SPG 4: Sustainable Design*

National Planning Policy

Planning Policy Wales (Edition 11, February 2021)

Planning Policy Wales provide guidance on matters relevant to this application, namely:

- Placemaking in Action: Good Design Making Better Places
- Strategic Placemaking: Previously Developed Land
- Activities in Place: Retail and Commercial Development
- Active and Social Places: Community Facilities
- Recognising the Special Characteristics of Places
- Recognising the Environmental Qualities of Places

Technical Advice Notes (TANs)

TAN 12: Design (March 2016).

Future Wales: The National Plan 2040 (February 2021)

Future Wales provides guidance on matters relevant to this application, including, but not limited to:

- Policy 1: Where Wales will grow
- Policy 2: Shaping Urban Growth and Regeneration – Strategic Placemaking
- Policy 33 – National Growth Area – Cardiff, Newport and the Valleys

3. Policy Considerations

The application site is located within the 'Primary Growth Area' and settlement boundary where new development can be considered acceptable in principle (LDP Policy SW4) subject to proposals being compatible with the Plan's other policies and all other material considerations.

Policy SW9 considers the requirement for planning obligations. Due to the size and nature of the development, a financial contribution to affordable housing would not be sought. However, Community Infrastructure Levy (CIL) is chargeable in this part of the County Borough, for which the development may be liable.

Policy SW11 advises that development must contribute to the creation of attractive and sustainable places through high quality, sustainable and inclusive design. Where appropriate, new development will be required to (amongst other things):

- be appropriate to its local context in terms of scale, height, massing, elevational treatment, materials and detailing, layout, form, mix and density;
- integrate effectively with adjacent spaces, the public realm and historic environment to enhance the general street scene and create good quality townscape;
- not result in an unacceptable impact on local amenity, loss of light or privacy, or visual impact, and incorporate a good standard of landscape design;
- allow access for the widest range of people possible, and demonstrate that any traffic movements will not have an unacceptable impact on local amenity or highway safety and satisfy the Council's parking standards.
- provide adequate facilities and space for waste collections and recycling.

Considering the nature of the development, and the location of the site (in close proximity to existing residential, commercial and public uses) consideration should be given to the above issues. Any proposed parking provision should be checked against the Council's current parking standards, and the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy SW12 supports development that encourages a modal shift towards sustainable transport, including the enhancement of pedestrian, cycle, rail and bus facilities, in addition to any necessary road improvements. Developments will be expected to demonstrate how they reduce the need to travel and encourage the use of sustainable transport. As such, the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy SW13 states that the provision of new and enhanced community facilities will be supported subject to satisfying other relevant LDP policies. And that the Council will protect and support the enhancement of the County Borough's existing community facilities. Development proposals that would result in a loss of an existing community facility will only be permitted where:-

- alternative provision of at least equivalent value to the local community can be provided nearby, or
- it can be demonstrated that existing provision is inappropriate or surplus to the needs of the community and is no longer required, or
- it can be demonstrated there is no longer a viable community use for the facility.

The proposal would result in the loss of a community facility (a hairdresser). However, the applicant has submitted information stating that the property has not been used as a hairdresser for 10 years, and there has been no relevant interest in the property that time. Google photographs of the property also indicate that the property has been vacant for a significant time, with the property not having the appearance of a commercial unit since at least 2009. This suggests that the facility is surplus to the needs of the community, and/or it is no longer viable. It is also noted that the property is not located with a Town or Local Centre, and that there are other Hairdressers located within the Dowlais Local Centre, less than 0.8 miles away. Taking the above into consideration (particularly the length of time that the property has been vacant), it appears that the proposal would satisfy the criteria above, and therefore, in this instance, would be in accordance with Policy SW13.

Policy CW1 advises that the integrity of our historic environment assets will be conserved and enhanced. Development proposals will only be permitted where it can be demonstrated they would preserve or enhance the architectural quality, character or the historic or cultural importance of our designated historic environment assets. And that, development affecting undesignated historic environment assets including, Locally Listed Buildings or structures, Landscapes of Outstanding Historic Interest in Wales, Urban Character Areas and Archaeologically Sensitive Areas should have regard to their special character and archaeological importance. As such, the relevant Council Officer and/or external Heritage organisation should be consulted as appropriate.

Policy EnW4 advises that development proposals will be required to demonstrate they will not result in an unacceptable impact on people, residential amenity, property and / or the natural environment from either:

- Pollution of land, surface water, ground water and the air;
- Land contamination;
- Hazardous substances;
- Land stability;
- Noise, vibration, dust, odour nuisance and light pollution; or
- Any other identified risk to public health and safety.

Where impacts are identified the Council will require applicants to demonstrate that appropriate measures have been incorporated to reduce, or minimise the impact identified to the lowest possible acceptable level. Planning conditions may be imposed or legal obligation entered into, to secure any necessary mitigation and monitoring processes.
