Dear Sir

Re: Replace front windows and rear door and internal alterations
4 Quay Row, Abercanaid, Merthyr Tydfil
Pl.App.No.: P/21/0129

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

The information in the Historic Environment Record curated by this Trust indicates that 4 Quay Row is a Grade II Listed Building (Cadw ref. 81754). The structure is whitewashed with an imitation-slate roof and stone stack to left. It has two 20th century hardwood windows each floor and a 20th century centre door, all in thin stucco surrounds. Since 1975 the sash windows have been removed. It was Listed as one of the best surviving groups of early industrial workers' housing in the region.

However, the current application is to replace the windows and door which are 20th century additions. The internal changes are relatively limited in scale and so it is unlikely that significant archaeological remains will be encountered during the course of the proposal.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
