INFORMATIVES

1. The applicants/developers attention is drawn to the comments of the Authority's Environmental Health Section regarding the potential problem to neighbouring properties arising from the creation of noise and dust during the construction process. To avoid unexpected and unnecessary enforcement action by the Public Health and Protection department, the applicants/developers are advised to contact the Environmental Health Section prior to the commencement of development to agree an appropriate method of noise and dust suppression.

The developer must ensure that all waste arising from the site is disposed of at a site licensed for its reception. Under no circumstances shall waste be burnt on site.

2. Some public sewers and lateral drains may not be recorded on Welsh Waters maps because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. The presence of such assets may affect the proposal. The applicant is advised to contact Welsh Water on 0800 917 2652 to establish the location and status of the sewer. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.
3. All bats and their roosts are protected against disturbance under UK and European legislation. If works are planned on a building/tree in which bats are found to be roosting, Natural Resources Wales (NRW) must be contacted. They must be given reasonable time to advise as to whether the works should be carried out and, if so, the method to be used.

If work has already commenced and bats are found, or if any evidence that bats are using the site as a roost is found, work should cease and NRW should be contacted immediately.

4. All birds, their nests and eggs are protected by law under the Wildlife and Countryside Act 1981 (as amended) while they are breeding. Works to any trees, hedgerows and other suitable nesting bird habitat which are to be removed or pruned as part of the proposal should only be carried out outside the bird breeding season. The bird breeding season typically extends between March to August inclusive.

If any vegetation removal or site clearance works are scheduled to commence in the bird nesting season it is advised that the advice from an Ecologist is sought. Any active nests will need to be protected until the young have fledged.

5. No surface water shall be allowed to connect to the highway drainage system.
6. The applicant/developer is advised to liaise with Merthyr Tydfil County Borough Council's Highway Division regarding any consents which are required in association with the provision of any vehicle cross over or verge or footway. This approval is independent of the approval of planning permission. The developer is also advised to contact the highway division regarding any retaining works or other works affecting the highway BEFORE construction works commence. This approval is also independent of the approval of planning permission by the local planning authority
7. The Developer is advised to check and confirm the positions of all boundaries **BEFORE** construction works commence.

Any discrepancies or problems of interpretation of boundary lines shall be resolved amongst all interested parties **BEFORE** works commence.

Failure to comply with this information could lead to civil action being brought against the developer by aggrieved parties.

NOTES

Your attention is drawn to the following:-

Appeals to the Welsh Government:

- If you are aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Welsh Government under Section 78 of the Town and Country Planning Act 1990 (as amended).
- If you want to appeal, then you must do so within **six months** of the date of this notice, using a form which you can get from The Planning Inspectorate, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ. Alternatively you can use the Planning Inspectorate website (<https://acp.planninginspectorate.gov.uk>) to complete your appeal.
- The Welsh Government can allow a longer period of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Welsh Government need not consider an appeal if it seems that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any Development Order and to any directions given under a Development Order.
- In practice, the Welsh Government does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by them.

Purchase Notices:

- If either the Local Planning Authority or the Welsh Government refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a Purchase Notice on the Council. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990 (as amended).

PLEASE NOTE: THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

BUILDING REGULATIONS
LISTED BUILDING LEGISLATION
HIGHWAY LEGISLATION

IF PLANNING PERMISSION HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT
