Dear Mr Richards

RE: Discharge of condition 10 (Material Finishes) of planning permission P/24/0034 relating to a new primary school.

I write in regards to the above mentioned application and the supporting information provided, which includes a Materials and Colours (Rev B) document.

Condition 10: Material Finishes

The above mentioned document clearly sets out the reasoning for the proposed material finishes, which includes the use of vibrant colours to help create an appropriate learning environment for young children. The proposal primarily sets out the use of brickwork (Michelmersh Synthesis S09) on the elevations. The Kingspan cladding to be used on the hall at high level would be a dark blue colour (RAL 5003), with an orange colour used (RAL 2011) on the louvres and high level window surrounds and sun shades, a light blue (RAL 5012) used on the letterbox sunshade around the administration office and a dark grey (RAL 7016) on the doors, windows, copings, canopy facias and columns. Additionally column protectors would be put in place in a range of primary colours.

It is considered that the proposed material finishes are acceptable. Accordingly, the requirements of condition 10 of planning permission P/24/0034 can now be discharged, subject to the works being completed in accordance with the approved details. I have enclosed an updated planning permission, which reflect this decision.

Yours sincerely

JUDITH JONES
DIRECTOR OF NEIGHBOURHOOD SERVICES
