Dear Kate

Thank you for consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about application P/26/0012, with revised information which we received on 19 March 2026.

We note that the re-consultation is due to the revised facilities block in the application. The facilities block is located sperate to the overnight accommodation, but ultimately foul drainage will be directed to the same treatment system - PTP01 as noted on the plans.

It has been accepted by the applicant that a variation of permit CB3893CC will be required to be submitted to NRW due to the change in design and discharge volume.

In light of the above we have no objection to the discharge of Condition 5 of planning permission P/22/0192.

Kind Regards
