To Glover, Kate <Kate.Glover@merthyr.gov.uk>

Morning,

Yes, the tree statement is adequate in this case. I have no objections.

Thanks
Andrew

Subject: P/25/0216 Partial demolition and like for like rebuilding of a 9m section of existing stone retaining wall, including reinstatement of coping stones and railings at Northern Boundary Wall At Site Of The Former Ysgol Santes Tudful School Queens Road Twynyr

Hi Andrew

The agent has confirmed that the steps and the small buttress will not be demolished or replaced as part of the planning application and revised plans and a Tree Protection Statement has been submitted in support of the proposal. You previously advised that further information regarding potential impact on trees during the construction phase would be required, however I understand that following a site visit you were satisfied that the works are unlikely to impact on any of the trees in the vicinity of the site and the attached Tree Protection Statement has been submitted following your site meeting.

Within 14 days of this email, please can provide any comments on the revised and additional information, which can be viewed here: <http://www.merthyr.gov.uk/resident/planning-building-control>

Please contact me if you have any questions on the above matters.

Cofion cynnes/Kind regards

Kate Glover
