Date: 14th April 2022

Signed:

(Head of Town Planning)

**IT IS IMPORTANT THAT YOU READ
THE NOTES ATTACHED TO THIS FORM**

CONDITIONS

- 1 The development shall begin not later than five years from the date of this decision.

Reason - To comply with Section 91 of the Town and Country Planning Act 1990.

- 2 The development shall be carried out in accordance with the following approved plans and documents:

Drawing Title: Proposed First Floor Plan, Drawing Number: R485-09 A1, Received on 1 March 2022

Drawing Title: Proposed Elevations, Drawing Number: R485-10 A1, Received on 1 March 2022

Drawing Title: Proposed Elevations, Drawing Number: R485-11 A1, Received on 1 March 2022

Reason -To ensure compliance with the approved plans and clearly define the scope of the permission.

- 3 No surface water from any increase in the roof area of the building /or impermeable surfaces within its curtilage shall be allowed to drain directly or indirectly to the public sewerage system.

Reason - To prevent hydraulic overloading of the public sewerage system, to protect the health and safety of existing residents and ensure no pollution of or detriment to the environment.

INFORMATIVES

1. This planning permission does not provide consent to undertake works that require a European Protected Species (EPS) licence.

All bats and their roosts are protected under UK and European legislation. It is an offence to deliberately kill, injure, capture or disturb a bat or to recklessly damage or destroy their breeding sites or resting places.

If works are planned on a building/tree in which bats are found to be roosting, Natural Resources Wales (NRW) must be contacted on 0300 065 3000 or at <https://naturalresources.wales/permits-and-permissions/species-licensing/apply-for-a-protected-species-licence/bat-licences/?lang=en>.

If work has already commenced and bats are found, or if any evidence that bats are using the site as a roost is found, work should cease and NRW should be contacted immediately.

Under these circumstances, an EPS licence is likely to be required to undertake the works within the law.

2. The developer may need to apply to Dwr Cymru / Welsh Water for any connection to the public sewer under S106 of the Water industry Act 1991.

If the connection to the public sewer network is either via a lateral drain (i.e., a drain which extends beyond the connecting property boundary) or via a new sewer (i.e., serves more than one property), it is now a mandatory requirement to first enter into a Section 104 Adoption Agreement (Water Industry Act 1991). The design of the sewers and lateral drains must also conform to the Welsh Ministers Standards for Gravity Foul Sewers and Lateral Drains and conform with the publication "Sewers for Adoption"- 7th Edition. Further information can be obtained via the Developer Services pages of www.dwrcymru.com

The planning permission hereby granted does not extend any rights to carry out any works to the public sewerage or water supply systems without first having obtained the necessary permissions required by the Water industries Act 1991. Any alterations to existing premises resulting in the creation of additional premises or merging of existing premises must also be constructed so that each is separately connected to the Company's water main and can be separately metered. Please contact Dwr Cymru Welsh Water's new connections team on 0800 917 2652 for further information on water and sewerage connections. The developer is also advised that some public sewers and lateral drains may not be recorded Dwr Cymru Welsh Water maps of public sewers because they were originally privately owned and were transferred into public ownership by nature of the Water Industry (Schemes for Adoption of Private Sewers) Regulations 2011. Under the Water Industry Act 1991 Dwr Cymru Welsh Water has rights of access to its apparatus at all times.

The developer is advised that a water supply can be made available to serve this proposed development. The developer may be required to contribute, under Sections 40 - 41 of the Water Industry Act 1991, towards the provision of new off-site and/or on-site watermains and associated infrastructure. For more information the developer should contact Dwr Cymru Welsh Water.

3. Natural Resources Wales recommend that the developer considers the future insurability of this development and advises that the developer reviews the Association of British Insurers published paper, 'Climate Adaptation: Guidance on Insurance Issues for New Developments', to help ensure any properties are as flood proof as possible and Insurable.
4. The application site is located within a defined flood risk area. The developer/applicant is advised to review the comments/advice received from Natural Resources Wales (NRW) during the application process.

NOTES

Your attention is drawn to the following:-

Appeals to the Planning & Environment Decisions Wales:

- If you are aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Planning & Environment Decisions Wales under Section 78 of the Town and Country Planning Act 1990 (as amended).
- If you want to appeal, then you must do so within **six months** of the date of this notice, using a form which you can get from Planning & Environment Decisions Wales, Crown Buildings, Cathays Park, Cardiff, CF10 3NQ. Alternatively you can use Planning & Environment Decisions Wales website (www.gov.wales/planningappeal) to complete your appeal.
- The Planning & Environment Decisions Wales can allow a longer period of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Planning & Environment Decisions Wales need not consider an appeal if it seems that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any Development Order and to any directions given under a Development Order.
- In practice, the Planning & Environment Decisions Wales does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by them.

Purchase Notices:

- If either the Local Planning Authority or Planning & Environment Decisions Wales refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a Purchase Notice on the Council. This notice will require the Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990 (as amended).

PLEASE NOTE: THIS NOTICE RELATES ONLY TO A PLANNING DECISION AND DOES NOT RELATE TO OTHER LEGISLATION INCLUDING ANY LEGISLATION UNDER:

BUILDING REGULATIONS
LISTED BUILDING LEGISLATION
HIGHWAY LEGISLATION

IF PLANNING PERMISSION HAS BEEN GRANTED IT IS ADVISABLE TO ESTABLISH WHETHER ANY OTHER FORM OF CONSENT IS REQUIRED AND TO OBTAIN SUCH CONSENT BEFORE COMMENCING DEVELOPMENT
