To Glover, Kate <Kate.Glover@merthyr.gov.uk>

Morning Kate,

Just reviewing the above planning application and it appears that the submission does not include any highway / transport information. Could you ask the applicant to provide a Construction Traffic Management Plan that should as a minimum include the following information:-

Duration of works

Expected number of vehicles coming into the site daily ....

Type of vehicles

Plan showing Parking area for operatives and site staff

Wheel cleaning facility location

Working hours

Expected routes used to the site

I trust this is of assistance

Kind regards

Jacquie
