

Subject: Vegetation at Brynhyfryd Chapel, Thomas Street, Treharris, CF46 5AA

23/10/2025

Dear Sir/Madam.

Please see a short list of the species noted during the site visit, we didn't actually look that closely at the vegetation around the site as we weren't there doing a detailed PEA type survey. There wasn't much vegetation on site other than what was around the building as the land around the building was mainly hardstanding.

- ✧ Bramble (*Rubus fruticosus*)
- ✧ Ivy (*Hedera helix*)
- ✧ Herb robert (*Geranium robertianum*)
- ✧ Buddleia (*Buddleja davidii*) -remains un-scheduled under the Wildlife & Countryside Act but is an invasive non-native plant.
- ✧ Willow (*Salix* sp)
- ✧ Harts tongue fern (*Asplenium scolopendrium*)
- ✧ Common polypody (*Polypodium vulgare*)
