Thank you for consulting us in regards to the above discharge of condition.

A Level 2 Building Recording report (report no. 2457, dated February 2026), prepared by Archaeology Wales, has been submitted in order to discharge condition 30 of the above application.

The report meets current professional standards, and can be entered into the regional Historic Environment Record. Therefore we recommend that this condition is **fully** discharged at this time.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully
