COMMENTS:

Document 2:

Please could the *Eco Kent Bat Boxes* be changed to models constructed from woodstone or woodcrete for reasons of longevity? For example:

- <https://www.greenwoodsecohabitats.co.uk/shop> (single and double crevice bat boxes).

Document 3:

Although the key for this drawing features all the different types of bat and bird box, only the bird boxes appear to be marked. Is there a plan missing?

NB the plans/elevations will now need amended in line with the bat boxes that will replace the Eco Kent Bat Boxes (as per comments regarding Document 2).
