	Private sewer subject to Sect. 104 adoption agreement
	Private Sewer Transfer
	Latral Drain
	Inspection Chamber

NB: Sewer symbol colour indicates the type.

RED - Combined
 GREEN - Surface water
 BROWN - Foul

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Deir Cyfwr Cyfngedig (The Company) gives this information as to the position of its underground apparatus by way of general guidance only and is not the statutory declaration that it is based on the best information available and no warranty as to its correctness is made upon the event of excavations or other works made in the vicinity of the company's apparatus. The onus of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company, is done so in accordance with statutory requirements of sections 158 and 159 of the Water Industry Act 1991. The Company has advised that the information is given in good faith and without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral drain or disposal main and any associated apparatus laid before 1 September 1998, or if they do, the particulars thereof may be incomplete. In the event of any such works, it must be understood that the furnishing of this information is entirely without prejudice to the provision of the New Roads and Street Works Act 1991 and the Company's right to be compensated for any damage to its apparatus.
