

INTERNAL MEMORANDUM

To: Caroline Pulley
From: Matt Davies (Ecologist)
Ext: 5278
Memo number: 2
Date of previous memo: 19/04/2022
Date: 31/10/2022

SUBJECT: P/22/0083 | Proposed barn conversion to form a residential dwelling | Tyla-Glas Farm Craig Y Hendre Bedlinog Treharris CF46 6SN

Document supplied in connection with the above application:

1. Tyla-Glas Farm, Bedlinog, Merthyr Tydfil. Bat Survey, Issue 1, Version A. October 2022. Be Ecological Ltd.

Comments

Initially, and *prior to making full comments*, the following information is required:

- Were bat droppings sent away for DNA analysis? If not, this need to be undertaken and the results provided.
- Please can I see the raw data from the static detector? Where was the detector deployed – which way did it face?
- Where were the cameras (infra-red and thermal imaging) positioned?
- Why is the only mitigation/compensation/enhancement measure for birds a sparrow terrace? There were swallows nesting in the barn, so what measures will be undertaken for this species? Also, where exactly were they nesting?
- Will there be any removal of, or works to, onsite habitat?
- Can captions be added to the images in Appendix A?
