○	Surface Water	○	Lateral Drain
○	Foul	○	Inspection Chamber
○	Former S24 sewers (for indicative purposes only)		

Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases, pipe material (other than Asbestos Cement (AC) or Pitch Fibre (PF)) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cyllyngdy (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the basis of the best information available and to the best of its knowledge and belief. The Company is not responsible for any loss or damage caused by any excavation made in the vicinity of the Company's apparatus. The user of this information is advised to carry out any excavations with care and to take appropriate precautions. The Company is not responsible for any loss or damage caused by any excavation made in the vicinity of the Company's apparatus. The user of this information is advised to carry out any excavations with care and to take appropriate precautions.

Service pipes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS TO BE DETERMINED ON SITE.
