Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases, pipe material (other than Asbestos Cement or Pitch Fibre (PF)) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cylchgraff (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the strict understanding that it is based on the best information available and is not warranted as to its completeness or accuracy. It is the responsibility of the user to ensure that the information is correct and to ensure that the information is not used for any purpose other than that for which it is provided. The user is advised to consult the relevant legislation and to ensure that the information is not used for any purpose other than that for which it is provided. The user is advised to consult the relevant legislation and to ensure that the information is not used for any purpose other than that for which it is provided.

Service pipes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS TO BE DETERMINED ON SITE.
