Good afternoon,

Our Reference: 8150103372

Please find enclosed a copy of the requested plan and our general conditions, for your reference.

Our records show those pipes owned by Wales & West Utilities (WWU) in its role as a Licensed Gas Transporter (GT). Service pipes, valves, syphons, stub connections, etc. may not be shown but their presence should be anticipated. No warranties are therefore given in respect of it. They also provide indications of gas pipes owned by other GTs, or otherwise privately owned, which may be present in this area. This information is not information of WWU and WWU is unable to verify this information or to confirm whether it is accurate or complete.

The plan must be printed in A3 size and will also need to be produced in colour. If this is not possible, we can send you a hard copy if requested.

On 3<sup>rd</sup> December 2018, WWU's asset information became available on LinesearchbeforeUdig. (LSBUD). LSBUD is an online search facility that allows its users to obtain the asset information and safety advice for over 75 active members. Utility companies, Local Authorities and any Contractors working on behalf of a Local Authority, can obtain asset location details and associated safety information free of charge. WWU charges apply for those who are obtaining the information for the purposing of reselling. Please note; charges may apply from other asset owners.

**From 1<sup>st</sup> October 2019, if you are working on behalf of a Utility company, Local Authority or Contractor working on behalf of a Local Authority and would still like to continue receiving asset information direct from WWU's Plant Protection Team, an administration fee of £36.00 + VAT will be applicable.**

You can register for a LSBUD account by clicking on the following link and completing an application

<https://www.linesearchbeforeudig.co.uk/>

Any questions please let me know. Thanks

Kind Regards,

**Sara Silva**
