

INTERNAL MEMORANDUM

To: Caroline Pulley - Development Control Case Officer

Reference: P/20/0174

From: Planning Policy and Implementation Section

Ask for: David James

Extension: 7053

Date: 13th August 2020

Summary

No objection raised. The development meets the relevant Replacement LDP policies (SW1, SW2, SW3, & SW4).

If minded to approve in principle, particular consideration should be given to the impact of the development on the character of the area, the impact on surrounding area and occupiers in terms of noise and disturbance, traffic generation and parking provision (Policies SW11, SW12 & EnW4).

Observations in respect of the above proposal

1. Proposed Development

The erection of 2 Passivhaus dwellings, laundry/drying room and associated works, at a former garage site, Glasier Road, Twynrodyn, Merthyr Tydfil.

2. Development Plan Framework

The existing development plan framework in Merthyr Tydfil is provided by:-

The Merthyr Tydfil County Borough Council Replacement Local Development Plan (2016 - 2031)

The relevant LDP Objectives are:-

- *LDP Objective 1 Sustainable Population Growth: To encourage a sustainable level and distribution of population growth.*
- *LDP Objective 2 Welsh Language and Culture: To protect and enhance Welsh language and culture.*
- *LDP Objective 3 To ensure the sufficient provision of land for the delivery of a range and choice of housing and affordable housing to address local housing needs.*
- *LDP Objective 4 Regeneration: To promote the suitable reuse of previously developed land and the continued regeneration of local communities.*
- *LDP Objective 6 Sustainable Design: To promote high quality, sustainable and inclusive design and support measures which mitigate the predicted effects of climate change.*

- *LDP Objective 7 Transport: To support an integrated transport system, promote active travel and ensure new developments are accessible by walking, cycling and public transport links.*
- *LDP Objective 9 Heritage and Cultural Assets: To protect, enhance and promote all heritage, historic and cultural assets.*
- *LDP Objective 12 Economic Development: To provide and safeguard appropriate land for economic and skills development.*

The following development plan policies would apply:-

- *Policy SW1: Provision of New Homes*
- *Policy SW2: Provision of Affordable Housing*
- *Policy SW3: Sustainably Distributing New Homes*
- *Policy SW4: Settlement Boundaries*
- *Policy SW9: Planning Obligations*
- *Policy SW11: Sustainable Design and Placemaking*
- *Policy SW12: Improving the Transport Network*
- *Policy CW1: Historic Environment*
- *Policy EnW4: Environmental Protection*

The following supplementary planning guidance is applicable:-

- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 1: Affordable Housing (March 2012)*
- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 2: Planning Obligations (March 2012)*
- *Merthyr Tydfil Local Development Plan Supplementary Planning Guidance Note 4: Sustainable Design (July 2013)*

National Planning Policy

Planning Policy Wales (Edition 10, December 2018)

Planning Policy Wales provide guidance on matters relevant to this application, namely:

- **Placemaking in Action: Good Design Making Better Places**
- **Strategic Placemaking: Previously Developed Land**
- **Activities in Places: Living in a Place**
- **Distinctive and Natural Places: Recognising the Special Characteristics of Places**

3. Policy Considerations

The site of the proposal is located within the Primary Growth Area (Policies SW1, SW2 and SW3), as defined by the LDP, and within the settlement boundary where development will be allowed subject to the proposals compatibility with other plan policies and material considerations (Policy SW4). The proposal – to erect erection of 2 Passivhaus dwellings, laundry/drying room and associated works - would be supported in principal as an acceptable use in this location.

Policy SW9 relates to planning obligations. The application proposes 100% affordable housing on-site, and requires a significant amount of grant funding to do so. Given the

nature of the proposals, and the potential to affect the economic viability of the development, no additional obligations will be sought.

Policy SW11 requires new development to, among other things:

1. be appropriate to its local context in terms of scale, height, massing, elevational treatment, materials and detailing, layout, form, mix and density;
2. integrate effectively with adjacent spaces, the public realm and historic environment to enhance the general street scene and create good quality townscape;
3. not result in an unacceptable impact on local amenity, loss of light or privacy, or visual impact, and incorporate a good standard of landscape design;
4. contribute to the provision of green infrastructure, including open space in accordance with the Council's standards, sustainable drainage systems where appropriate, and ensure that the County Borough's network of green infrastructure is accessible and connected;
5. allow access for the widest range of people possible, and demonstrate that any traffic movements will not have an unacceptable impact on local amenity or highway safety and satisfy the Council's parking standards.

Considering the location of the application site, in close proximity to existing dwellings and to a large area of public open space, careful consideration should be given to these issues. The submitted plans indicate that the dwellings would have off-street parking provision. As such, the proposed parking provision should be checked against the Council's current parking standards, and the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy SW12 supports development that encourages a modal shift towards sustainable transport, including the enhancement of pedestrian, cycle, rail and bus facilities, in addition to any necessary road improvements. Development proposals will be expected to demonstrate how they reduce the need to travel and encourage the use of sustainable transport. As such, the views of the Engineering and Traffic Group Leader should be sought in this respect.

Policy CW1 advises that the integrity of our historic environment assets will be conserved and enhanced. Development proposals will only be permitted where it can be demonstrated they would preserve or enhance the architectural quality, character or the historic or cultural importance of our designated historic environment assets. Development affecting undesignated historic environment assets including, locally listed buildings or structures, Landscapes of Outstanding Historic Interest in Wales, Urban Character Areas (UCA) and Archaeologically Sensitive Areas should have regard to their special character and archaeological importance.

The site lies within UCA 3 - Twynyrodyn, including Ysgubor Newydd and Penyrheol.

Policy EnW4 advises that development proposals will be required to demonstrate they will not result in an unacceptable impact on people, residential amenity, property and / or the natural environment from either:

- Pollution of land, surface water, ground water and the air;
- Land contamination;
- Hazardous substances;
- Land stability;
- Noise, vibration, dust, odour nuisance and light pollution; or
- Any other identified risk to public health and safety.

Where impacts are identified the Council will require applicants to demonstrate that appropriate measures have been incorporated to reduce, or minimise the impact identified to the lowest possible acceptable level. Planning conditions may be imposed or legal obligation entered into, to secure any necessary mitigation and monitoring processes. With regard to flood risk, new developments will be expected to avoid unnecessary flood risk and meet the requirements of TAN 15. As such, the views of the Engineering and Traffic Group Leader should be sought in this respect.

Conclusion

The development would also be acceptable in principle under the relevant Replacement LDP policies.
