Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Merthyr Tydfil County Borough Council (MTCBC) are planning on upgrading the heating system at the site. The flues for the current boilers are situated in a large stack to the right hand side of the plant room, this has caused a number of problems with the fans in the current boilers regularly needing to be replaced. The design consultant, Hicks Titley have proposed that the new flues exit the plant room through the front elevation. This is a minor superficial change to the fabric of the building which will not have a negative impact on the aesthetics.

Has the development or work already been started without planning permission?

- ☐ Yes
☒ No

Listed Building Details

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

- ☐ Don't know
☒ Grade I
☐ Grade II*
☐ Grade II
