6. Wheel-Cleansing Facilities
7. Sheeting of Lorries Leaving Site
8. Communication & Control
9. Contact Details
10. Supporting Plans

1. Site Access Arrangements

- All construction traffic will access the site via Aberfan Crescent.
- All drivers must contact the Site Manager prior to arrival.
- Deliveries will be pre-booked and drivers shall contact the Site Manager approximately 20 minutes before arrival.
- A trained banksman will escort vehicles.
- Large loads and deliveries will be planned ahead, with notice given to the site team. The local authority will also be given advanced notice where required.

2. Parking for Operatives and Visitors

- Operatives will park within the designated contractor parking area.
- Additional parking will be arranged off-site if required.
- Visitors must report to the Site Office.

3. Management of Vehicular and Pedestrian Movements

- Maximum site speed limit 5mph.
- Pedestrian routes segregated from construction traffic.
- All deliveries are to be between 09:30 and 14:30 to avoid school pick up and drop off times

4. Loading and Unloading of Plant and Materials

- All loading and unloading within the secure compound.
- No loading or unloading on the public highway.

5. Storage of Plant and Materials

- All materials stored within the site boundary.
- Hazardous materials stored in locked containers.
- Plant immobilised when not in use.

6. Wheel-Cleansing Facilities

- Vehicles inspected before leaving site.
- Road sweeping and jet washing deployed as necessary.

7. Sheeting of Lorries Leaving Site

- All lorries transporting loose materials will be sheeted before leaving site.

8. Communication & Control

- Daily briefings and weekly reviews.
- This CTMP shall remain a live document.
