Merthyr Planning

Dear Sir/Madam

Re: Planning Application Number P/22/0251.

In respect of the above planning application I would make the following observations:-

The fencing around both schools, forming the perimeter security, should meet the standard LPS 1175 SR1. The fencing should be at least 2.4 metres high, weld mesh, expanded metal or similar, and be of a design that is difficult to climb over. There must be nothing adjacent to the fencing to assist criminals in climbing over it and therefore gaining access into the school grounds.

Gates must be of the same height and specification as the fencing and the gap under any gates must be minimal to prevent persons from crawling under.

If padlocks and chains are used to secure gates they should meet appropriate security standards, e.g. Sold Secure.

If you or the applicant require any further details please do not hesitate to contact me.

Yours Sincerely

Mike Harvey
