

Comments:

CULVERT

450mm dia. twin-walled culvert.

Cover with 40-60mm clean stone - dressed over either end.

Geo-textile and trail tread to match adjacent trail type.

Headwall constructed from hand liftable stone that is scavenged from around site or imported should suitable stone not be available on site.

Headwalls are built from steam bed up to finished trail level, with a capping stone on the top.

Fencing Specification:
Post and rail (2 rail)
100mm posts (1800mm length)
100mm half round rails
(3600/1800mm lengths)
Posts driven into depth of approx. 700mm
FSC Pressure treated timber
100mm Galvanised wire nails (2 per intersection)
