Dear Mr Roberts

RE: Discharge of condition 6 (Contamination) of planning permission P/23/0131 relating to a new school.

I write in regards to the above mentioned application and the supporting information provided, which includes the Outline Remediation Strategy Report prepared by Integral Geotechnique.

Condition 6: Contamination

The above mentioned remediation strategy has been reviewed by Natural Resources Wales against the criteria set out in Condition 6. It has been indicated by NRW that the submitted information is acceptable and that the requirements of condition 8 (relating to contamination not previously identified) remains in place for the duration of the development.

Accordingly, the requirements of conditions 6 of planning permission P/23/0131 can now be discharged, subject to the works being completed in accordance with the approved details. I have enclosed an updated planning permission, which reflect this decision.

Yours sincerely

JUDITH JONES
