Dear Sir

Grid Ref: SO022062 302294 206274

Site: Land Forming Part Or Adjacent To Winch Fawr Road Merthyr Tydfil

Development: Construct detached dwelling with detached garage

We refer to your planning consultation relating to the above site, and we can provide the following comments in respect to the proposed development.

ASSET PROTECTION

We would inform you that a public water main is crossing the application site. We have attached a copy of the water main record indicating the location of these assets. We would therefore request that the following be included in any planning consent you are minded to grant:

The proposed development site is crossed by a water main with the approximate position being marked on the attached record plan. No development (including the raising or lowering of ground levels) will be permitted within the safety zone which is measured either side of the centre line. For details of the safety zone please contact Developer Services 0800 917 2652.

The developer must contact us if a sewer connection is required under Section 106 of the Water Industry Act 1991 or any alteration to our apparatus is proposed prior to any development being undertaken.

SEWERAGE

As the applicant intends utilising a septic tank facility we would advise that the applicant contacts Natural Resources Wales who may have an input in the regulation of this method of drainage disposal.

However, should circumstances change and a connection to the public sewerage system/public sewerage treatment works is preferred we must be re-consulted on this application.

Our response is based on the information provided by your application. Should the proposal alter during the course of the application process we kindly request that we are re-consulted and reserve the right to make new representation.

If you have any queries please contact the undersigned on 0800 917 2652 or via email at developer.services@dwrcymru.com

Please quote our reference number in all communications and correspondence.

Yours faithfully,

Chris Trower
