Date: 22/12/2023

TOWN AND COUNTRY LANNING ACT 1990 (as amended)

Application No. / Rhif Cais: P/23/0284

Proposal: Installation of a D48 LED advertising board

Location: Adjacent to the car park of the Labour Club Merthyr Tydfil

Dear Sir/ Madam

Following on from the recent correspondence surrounding the above mentioned application please find the Seilwaith Amey Cymru/Amey Infrastructure Wales (AIW) comments on the proposal below.

AIW do not object to the proposal but request a meeting with the applicant in order to review their advertising proposal in order to ensure that there are no potential conflicts between the LED lighting for the board, and the signalling lights on the adjacent railway infrastructure. There are some light combinations which can cause safety critical obscurities to the signalling lights for train drivers which must be avoided.

Due to the proposal being next to AIW managed infrastructure, prior to any works beginning on site the applicant will need to engage with AIW Asset Protection so that AIW are able to determine the interface with any assets, buried or otherwise and by entering into a Basis Asset Protection Agreement. The applicant should make contact a minimum of 3 months prior to works starting. Initially the outside party should CVLassetprotection@amey.co.uk.

Yours Sincerely,

Rhiann Fleming MRICS (she/her/hers)
